OpenCart - TrustPay
Payments Implementation Guide

This document describes the steps to be taken to integrate TrustPay Payments into your OpenCart e-commerce website.
Please note that this will work on Opencart Version 1.5.*.

1. Register for a TrustPay Vendor Key per store in the MultiStore environment:

- Goto https://my.trustpay.biz
- Click on SignUp to process a new user account.

- You have to verify your email.

- All requested documents will need to be completed and returned..
- Once this process is completed, you can log in to your account., click on Applications and :
- Create a new Application for your OpenCart e-Commerce website

- The notification URL must be : http://your.opencart.url/index.php?route=payment/trustpay/notification
- Where *"http://your.opencart.url"* is the URL to your OpenCart installation.
- Shared-Secret is any secure shared secret you choose.
- The Notification URL and shared-secret have to be configured on the OpenCart side as wel.
- Select the territories and payment methods that you want to support.
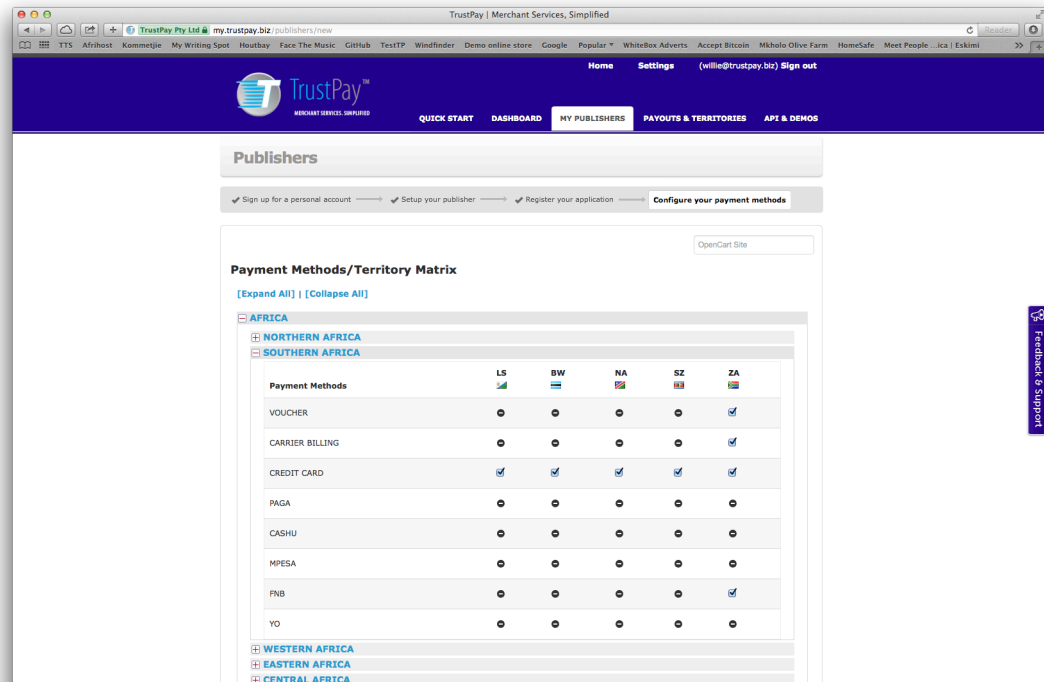

- Goto the Publisher and then the Application that you have created and take note of the "**Application ID"**

2. **Install TrustPay plugin files in OpenCart installation:**

- Clone the TrustPay OpenCart plugin files from making sure you use the correct version for your version of OpenCart (1.5.): https://github.com/trustpay/TrustPay_OpenCart_Demo

- You should have the following files and directory structure:
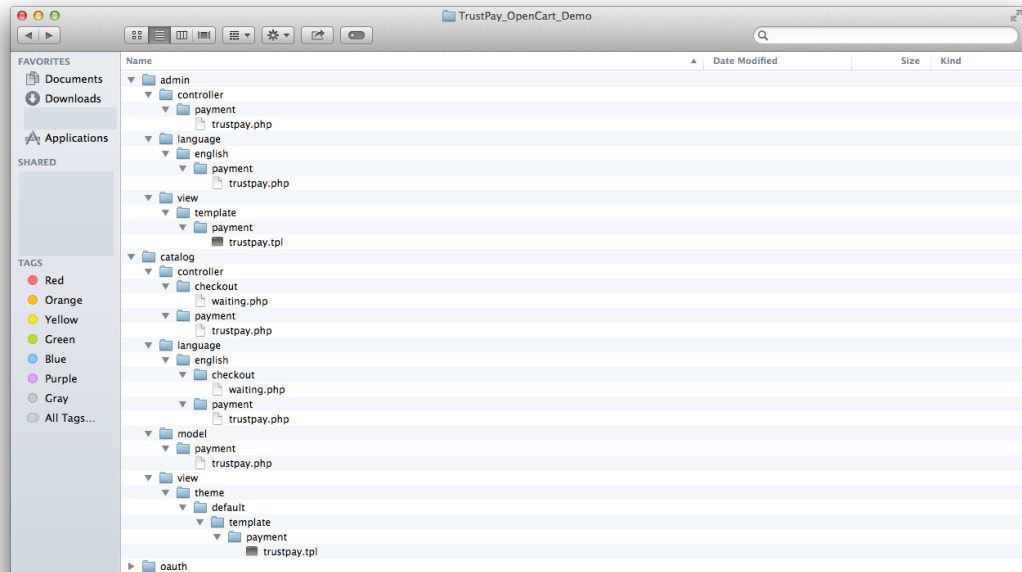

- You need to copy these files into the corresponding directories of your OpenCart installation.
- Make sure that:
  - catalog -> view -> theme -> default -> template ->common -> fail.tpl
  - catalog -> view -> theme -> default -> template ->common -> waiting.tpl
  - catalog -> view -> theme -> default -> template -> payment -> trustpay.tpl

  Gets copied into each theme that you are using (catalog -> view -> theme ->) and not only 'default' if you using more themes than the default.

3. Configure OpenCart installation for TrustPay plugin:

- Log into your OpenCard admin section
- Click on Extensions > Payments
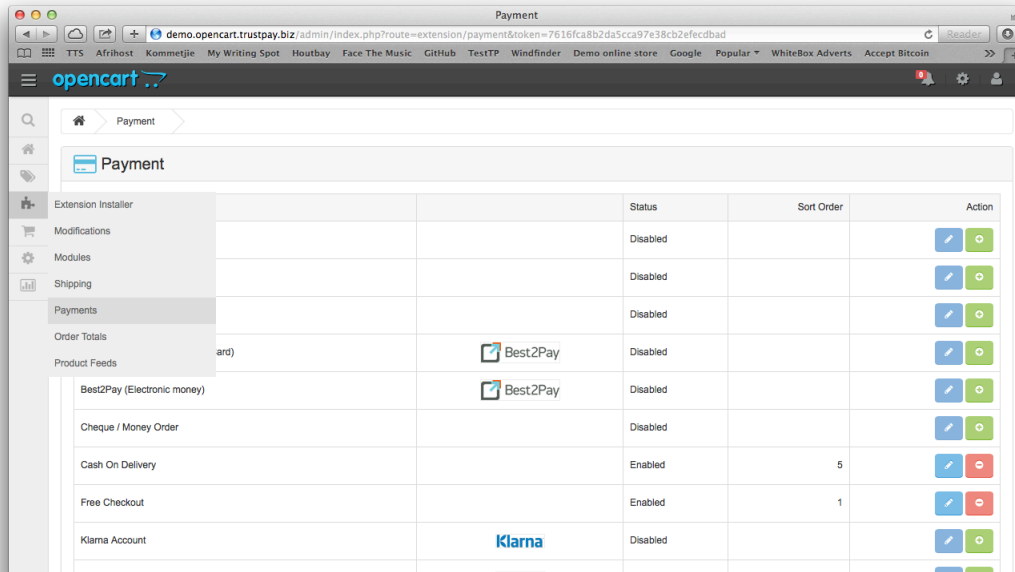

- Scroll down to TrustPay and click on "Install" (green) button
- Click on the "Edit" (blue) button next to TrustPay.
- You will see the following page:

- Select the Store from the dropdown.
- Enter the TrustPay Vendor Id as the Application ID you got

from my.trustpay.biz
- Enter the TrustPay Notification Url as the URL created on my.trustpay.biz
- Enter the Shared secret as the shared secret created on my.trustpay.biz
- Enter Total as 1
- Enter Order Status as Pending
- Enter Geo Zone as zones you want to support for VAT and Shipping.
- Enter Status as enabled
- Enter Sort Order as 0

- Click on the "Save" button (Tick in right top corner)

- Repeat this of each store in your multistore environment.

- Exit the admin zone.

- Log onto your OpenCart as a consumer

- Shop checkout and use TrustPay as Payment method
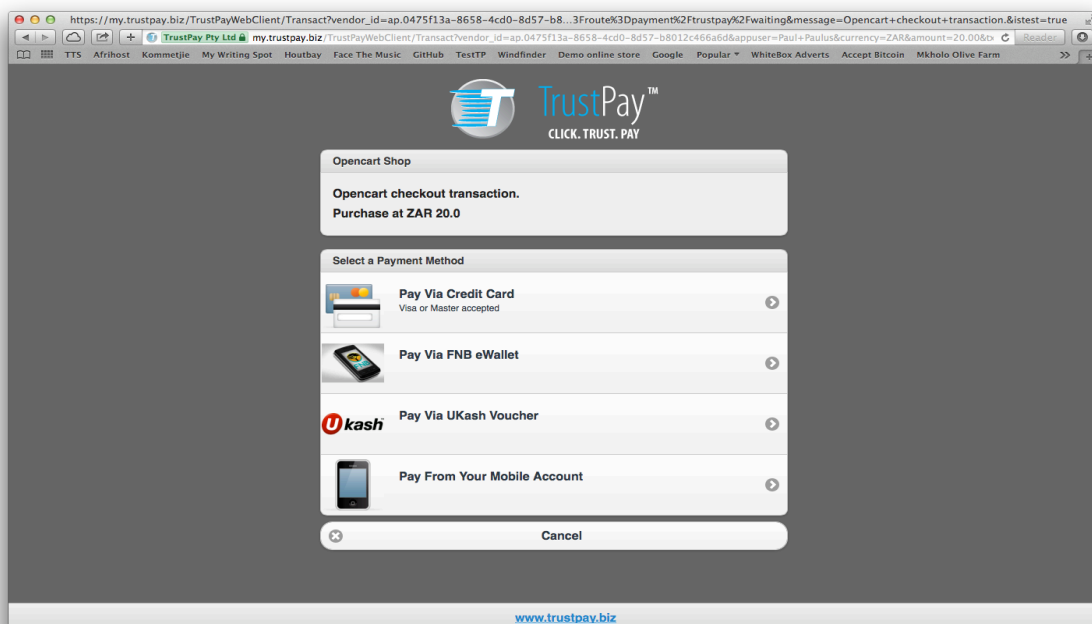

Changes
